## OUR GARDEN/INSPIRATION

We take inspiration from our amazing property for some of our dishes ingredients, we have 6 beautiful vegetable and 4 herb plots upon which we draw inspiration for our dishes some of the seasonal vegetables and herbs you are surrounded by are handpicked from the garden minutes before they end up in the finished dish. Some of those ingredients and the uses are listed below:

Pansies & violas – used to garnish many of the starters and main courses

Dill – we use this to make our dill emulsion, the dill is turned into an oil and used to emulsify our free-range eggs

Fennel – this is used in finishing most of our seafood dishes, we also use it to impart flavour into lots of our products from Pork to Trout

Mint – as well as using it in fresh mint tea we also use its distinctive flavour in our pea and mint mousse, we also make our mint sauce for Sunday lunch with this abundant herb

Runner beans – whilst not ready just yet our 6 free standing runner bean plants are stunning and they produce the sweetest of beans for us to use in Sunday roast's, side dishes and starter and main course dishes
